

Eastbourne College

We value

Pursuit of excellence

Participation

Integrity

Courtesy

Kindness

and

Joy in creativity

Pride in performance

Outcome from activity

Taking care of those who take care of us

Pursuit of excellence

You try to do the best you can in everything you do.

We help you to achieve more than you believed you could.

Participation

You enter fully into the life of the school; you engage constructively in the classroom and elsewhere. You welcome others into group activities and enable them to get the most from every situation.

We encourage you to try new things or do old things in different ways. We help you to join in and learn to live and work with other people.

Integrity

You do the right thing because it is the right thing to do; you keep going when the going is tough.

We support you if you make a mistake, and we help you learn to take responsibility for your own actions.

Courtesy

You put others at their ease and make it clear that their well-being matters to you.

We make sure you are treated with respect as an individual.

Kindness

You treat others with thoughtfulness and compassion.

We provide a safe and supportive community.

We all go the extra mile to support one another; we all look after those who are going through a difficult patch.

Joy in creativity

You take pleasure in creating new things, even at the risk of not getting it right the first time.

We take pleasure in your success and celebrate with you.

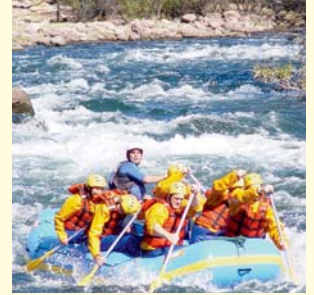

Pride in performance

You make your audience feel valued and important; you give your best for them.

We bring talented people together to build performances that surpass individual expectations.

Outcome from activity

You make sure that when you take part in an activity you learn from it and achieve something as a result of it.

We make sure you have a wide range of challenging, interesting and exciting experiences from which to learn.

Taking care of those who take care of us

You look after your environment and are considerate of those who teach you, cook for you, take care of your health and look after your house.

We provide an environment in which you can thrive.

An Eastbourne College education develops pupils academically, broadens their experience outside the classroom, inculcates moral values and prepares them to play a full and effective role in society.
