

# University Destinations for 2017/18

Eastbourne College has an excellent record of university entrance success. Each year almost all leavers go on to undergraduate courses after their A-level exams, with the majority entering the Russell Group of leading British universities.

There is a programme of careers information and talks in the sixth form as well as robust support through the UCAS process, and guidance can be offered to any pupils applying to universities elsewhere in the world including the USA.

Russell Group University	University of Bath	Mechanical and Electrical Engineering	Other Higher Education Institutions
		Modern Languages & European Studies
