If your son/daughter will be travelling abroad during the next half-term or the following holidays it is most important that you return this form to the Medical Centre at the start of term, or as soon as his/her travel plans are finalised. Please inform us of any vaccinations given outside school, so that records can be updated and avoid confusion.

As much notice as possible is requested as, in order to ensure full immunity before travel, we may require up to four weeks to complete a course of vaccinations. **We are only able to complete immunisation courses for those pupils whose parent or guardian have completed this form and given their consent.**

Many thanks,

Pippa Prior
 Senior Sister
