

COLLEGE VALUES

We value:

PURSUIT OF EXCELLENCE

PARTICIPATION

INTEGRITY

Pursuit of excellence

You try to do your best in all you do – take creative risk, accept challenge. You persevere and develop resilience.

We will challenge and support you so that you can achieve more than you believed you ever could.

‘The school fulfils its stated aims to develop pupils’ pursuit of excellence and participation, integrity, kindness, courtesy and a firm appreciation that all people have the same intrinsic worth.’ ISI Inspection Report September 2014

Participation

You join in and help others to join in. You make the classroom a positive place and the house a happy place. You work well with others to make the most of collective effort and collaboration.

We provide opportunities for you to work in teams and as a leader.

Integrity

You do the right thing, are honest with yourself and with others.

You take responsibility when you get things wrong and set out to make amends. When others have got it wrong, you help reconcile.

We all learn from our mistakes and support one another.

‘Eastbourne College is highly successful in meeting its primary aim, namely to provide a broad and holistic education which prepares pupils to lead happy, positive and fulfilled lives.’ ISI Inspection Report September 2014

Courtesy

You put others at their ease. You make it clear that you are mindful of their needs and respect their views.
You treat everyone with the same degree of consideration.

We respect you as an individual and expect others to do the same.

Kindness

You treat others with thoughtfulness and compassion. You recognise the importance of being actively kind and empathic. You take care of others and the environment we all share.

We provide a safe, supportive and kind community. We endeavour to go the extra mile to support each and every person in the school.

‘The spiritual, moral, social and cultural development of the pupils is excellent.’ ISI Inspection Report September 2014

Taking care of those who take care of us

We all recognise that every one of us has the very same worth. The way that we interact with others, whoever they are, should always convey that we value them.

An Eastbourne College education develops boys and girls academically, broadens their experience outside the classroom, inculcates practical, community-minded values and prepares young people to live a fulfilled and generous adult life.
