

# CCF

Until the 1990s, girls were not admitted to the CCF. In January 1992, seven girls from Watt and Nugent joined the CCF Army section. *The Eastbournian* wrote 'They have proved to be an unqualified success in all aspects of their training'.

In 1996, (its centenary year) the CCF became fully co-ed and Year 10 girls were enrolled in the CCF for the first time.
